ROC-HJ-Solver Software License - Version 2.2 - Mar 31, 2017

Authors: Olivier Bokanowski, Hasnaa Zidani, Anya Desilles

This license for software developed by the "Authors" is designed to guarantee freedom to change software for academic use, but restricts commercial use.

Permission is hereby granted, free of charge for academic use, to any person or organization obtaining a copy of the software and accompanying documentation covered by this license (the "Software") to use, reproduce, display, distribute, execute, and transmit the Software, and to prepare derivative works of the Software, and to permit third-parties to whom the Software is furnished to do so, all subject to the following:

- The copyright notices in the Software and this entire statement, including the license grant, this restriction and the following disclaimer, must be included in all copies of the Software, in whole or in part, and all derivative works of the Software, unless such copies or derivative works are solely in the form of machine-executable object code generated by a source language processor.
- Every publication and presentation for which work based on the Program or its output has been used must contain an appropriate citation and acknowledgement of the Author of the Program.

Because the Program is licensed free of charge, there is no warranty for the Program. The copyright holders provide the Program 'as is' without warranty of any kind, either expressed or implied, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose. In no event shall the copyright holders or anyone distributing the software be liable for any damages or other liability, whether in contract, tort or otherwise, arising from, out of or in connection with the Software or the use or other dealings in the software. The entire risk as to the quality and performance of the Software is with the licensee.
